REFERRAL POLICY

Bid System - Job Line

Registrants who are seeking employment will need to call the jobline at (740) 353-8000 ext. 5 or 1-800-IBEW575 ext. 5. The jobline is open Monday-Friday from 5pm to 8am or anytime Saturday and Sunday. If interested in a job call listed on the recorder, the applicant must leave full name, phone number, classification, ticket number, last four of Social Security number, and what book currently signed to. The calls will be filled the following morning our office is open. The Referral Agent will fill calls in chronological order based on those who left their name on the recorder, starting with the highest priority group (book 1, book 2, etc.) The message will indicate if there are no calls available.

TURNDOWNS

The 3 turndown rule will be enforced.

Example: If a long call is filled by someone behind you on the book, you will receive a turndown. Refusing a reduced rate call (less than 100% wages) or a short call (21 calendar days or less) will not be considered a turndown. Rejection by the employer is not a turndown. If you are working under a collective bargaining agreement of another IBEW's local jurisdiction, you will not be given a turndown. If the Referral Agent cannot reach you in a timely manner, that is considered a turndown. You will receive 2 turndowns without penalty, but will be removed from the list with a 3rd. The registrant must re-register after being removed from the list.

The Business Manager is responsible to fill calls in a timely manner as needed by the employers. Referrals may have to be made outside normal business hours using whatever means necessary to fill the request by the employer to place registrants.
